Hi Christopher,
The EPA does not have a date for issuing any final decisions on the proposed actions related to the Dewey-Burdock uranium ISR project. The EPA is currently reviewing public comments and is engaged in the tribal consultation process.

I am copying our Public Affairs Specialist on this email.

Thanks!

Valois

Subject: update on uranium permits in S.D.

Hello,

Is the EPA releasing a decision soon on the uranium permits following public comment period that ended in May regarding mining in the Black Hills?

Best,
Christopher Vondracek
